Breakdown of Calculation

3Q of FY2020 (C) The company did not post seismic isolation product costs or renovation/construction costs for changes to the 55 buildings and 99 buildings.

The company posted approx. 0.1 billion yen in compensation costs and approx.

0.4 billion yen in charges (primarily, in payroll for the seismic isolation rubber task force, etc.).

From 4Q of FY2020 onward

As at the present time it is difficult to reasonably estimate the amount, in the event that costs arise in the future, an additional reserve for product warranties may be posted depending upon the progress of measures.
